Features Key:

Creativity Unleashed: With this feature, we wanted to pursue the creative aspect of the action role-

playing genre.

RPG Spirit and WorldBuilding Unlimited: We believe that this is the first action RPG that encourages players to become worldbuilders and has a huge game world.

Entertaining in a New Way: We are all fans of adventure action RPGs. However, we want to create our own innovative game that is different from others.

Escape into Fantasy Worlds: We wanted to create a game experience that was capable of transporting the player to a fantasy world.

RPG Revolution: Most action RPGs are few in number, and are founded on simple stories.

Lovers of Real Role-Playing: We are the originators of the concept of portraying characters in an action RPG style, and have been able to experiment with the genre.

RPG Emerges from the Darkness: We wanted to tell a story that has a strong fantasy cast while avoiding being affected by the existing genre. We believe that we have succeeded in achieving such a goal.

Elden Ring

Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between. ● Story Playing Online for the Fantasy RPG That You Already Know The Land of Sumisumi, known to many as the Lands Between. After 13,000 years of being lost to the world, it has begun to awaken. The awakening has brought forth two groups of people. One are the Eleud, who walk peacefully in the Lands Between. The other are the Dae, who have been working diligently to awaken the Lands Between over the course of the past few centuries. Perhaps due to its impact on the country of Eleud or its purity as a "Terrace of the Absolute", over the past 13,000 years the Dae has declared that the rest of the world outside of Eleud will remain sealed, and Eleud alone will inherit the Lands Between. However, the Dae is the one faction in this world which is absolutely sure that they are right, and after spending the past few centuries excavating the Lands Between, they have finally awakened the first Elden Lord. On the other hand, the Eleud are the ones who have spent the past 13,000 years blending into the Lands Between and welcoming its rich inhabitants. Here is where conflict arises. Both parties believe that they are the strongest, and if they fight in the Lands Between, then the Lands Between itself will intervene. Because of this, the Lands Between itself will be split between the two factions, and the Lands Between will decide the fate of this world. To protect the Lands Between, and to protect the kingdom of Eleud itself, both sides will gather

their troops and fight in the Lands Between as well. ●
The Lands Between The landscape of the Lands Between is the special world created by a god. The Lands Between is a realm surrounded by the nighttime sky of Eleud, but it has no borders. The sky that divides the Lands Between and Eleud is called the Wailway, and it serves as the pathway to the lands where the dead reside. The god who created the Lands Between has created two large continents which have many entrances. When entering the Lands Between, adventurers will be trapped in a void surrounded by an impenetrable fog. I will greet the world, for this is the world I created in order to protect the world of

What's new:

Strange is the stranger. Live life as it comes. Hold onto your past. Your memories are what make you. The self-comforting stories of Clocks make a devious way to be what you are. Tarnished are alive enough to down-train on wounds.

- **Customize Your Own Character**

Enjoy countless ways to customize your appearance. There are four types of body frames for characters: the Thin body, the Middle body, the Fat body, and the Hercules body. Also, there are types of clothing: five types of skirts, five types of boots, and two types of gloves. The appearance of characters is fully customizable using sliders and a variety of buttons.

- **Create a Balanced Class System**

The class system in Tarnished involves choosing one from five classes: the Warrior, the Mage, the Clocks, the Healer, and the Thief. Skill and equipment can be acquired as you raise levels. However, you will need a balanced range of skill and equipment to easily combine class specialties.

- **Switch Online/Offline!**

Playing Tarnished with others is easy. You can switch the game mode back and forth easily by reconnecting to the online* server. There are various ways to connect to the online game, such as online* game sessions and turn-based game style 'free roaming', as well as the various game modes available.*" The rest of the text is in Japanese. Google Translate, of course, won't touch it (doesn't work with some characters, in any case.)
